SURFACE TRANSPORTATION BOARD

DECISION

STB Docket No. AB-55 (Sub-No. 592X)

CSX TRANSPORTATION, INC.—ABANDONMENT EXEMPTION—IN CLARK COUNTY, IN

Decided: March 20, 2003

On October 9, 2001, a decision and notice of interim trail use or abandonment (NITU) was served authorizing a 180-day period for CSX Transportation, Inc. (CSXT), to negotiate an interim trail use/rail banking agreement with the City of Jeffersonville (City), for a 5.4-mile segment of its Midwest Region railroad line, known as the Louisville Division, Louisville Terminal/Hoosier Subdivision, extending between milepost B-1.3, near Watson, and milepost B-6.7, near Jeffersonville, in Clark County, IN. The negotiating period under the NITU was scheduled to expire on April 7, 2002.

In a letter to the Board filed on March 26, 2002, CSXT requested an extension of the negotiating period until September 30, 2002. The extension request was granted for the line segment between milepost B-1.3 and milepost B-4.96 in a decision served on April 5, 2002. An extension of the negotiating period was also granted for the line segment between milepost B-5.52 and milepost B-6.7, in a decision served on April 30, 2002.¹ By decision served on September 23, 2002, the negotiating period was extended until March 31, 2003, for the line segments between mileposts B-1.3 and B-4.96 and between mileposts B-5.52 and B-6.7.

By letter filed on March 7, 2003, CSXT requests an extension of the negotiating period until September 30, 2003,² in order to complete trail use negotiations with the City. CSXT also states that it has been negotiating with the City regarding public use.³ For the portions of the line CSXT has not

¹ In a letter filed on April 15, 2002, the City informed the Board that, although severed from the CSXT rail system by CSXT's consummation of the abandonment of the line segment between mileposts B-4.96 and B-5.52, the line segment between mileposts B-5.52 and B-6.7 remained connected to the national rail system. Thus, as stated in the April 30, 2002 decision, the segment remained under Board jurisdiction and qualified for a NITU.

² Because the NITU is scheduled to expire on March 31, 2003, a 180-day extension would run until September 27, 2003.

³ The public use condition imposed in the October 9, 2001 decision, which is limited by statute
(continued...)

abandoned and for which it has indicated a willingness to continue to negotiate trail use, the negotiating period may be extended, if appropriate. An extension of the negotiating period will promote the establishment of trail use and rail banking consistent with the National Trails System Act, 16 U.S.C. 1247(d).⁴ Accordingly, CSXT's extension request will be granted and the NITU negotiating period will be extended until September 30, 2003.⁵

This action will not significantly affect either the quality of the human environment or the conservation of energy resources.

It is ordered:

1. CSXT's request to extend the NITU negotiating period is granted for the line segments between mileposts B-1.3 and B-4.96, and between mileposts B-5.52 and B-6.7.
2. The negotiating period under the NITU is extended until September 30, 2003.
3. This decision is effective on its service date.

By the Board, David M. Konschnik, Director, Office of Proceedings.

Vernon A. Williams
Secretary

³(...continued)
to 180 days, has expired and may not be extended.

⁴ See Rail Abandonments—Supplemental Trails Act Procedures, 4 I.C.C.2d 152 (1987).

⁵ Although the request slightly exceeds the customary request of 180 days, the Board has granted such requests in the past. See, e.g., Union Pacific Railroad Company—Abandonment Exemption—in Lancaster County, NE, STB Docket No. AB-33 (Sub-No. 181X) (STB served June 14, 2002).
